DONE BENCHMARK

Everything required of a realistic comprehensive benchmark for the Team(s) to compare and assess all completed work items too in regards to creating a valid Product Increment.

Enables a shared understanding of what it means for a work item to be considered complete and what was actually completed towards the Product Increment.

Transparently available for planning the amount of work necessary to create an Increment that meets the Definition of Done.

Directs inspection of potentially releasable Product Increment item functionality that adheres to this Definition of Done and is of high-value.
